

How to do a Class Search

1. Go to the following website: <http://www.lonestar.edu/ClassSearch/index.php>
2. Semester: 2017 Fall
3. Campus: LSC-University Park
4. Subject: Economics = ECON, Government = GOVT
5. Catalog #: Economics is 2301 (Macro is dual credit), Government is 2305 (Federal GO'VT)

The screenshot shows the 'CLASS SEARCH' interface. At the top, it says 'CLASS SEARCH' in a stylized font. Below that, a disclaimer reads: 'This tool is a public class search for credit classes only and is not intended to be used for dual credit classes. It is intended for use by students only and can be referenced when registering.' There are several input fields: 'DisMaim.r: Classe5' with a dropdown arrow, 'may not be' with a dropdown arrow, and 'is"enregistering' with a dropdown arrow. Below these are four columns: 'Semester', 'Campus', 'Subject', and 'Catalog #'. The 'Campus' dropdown is currently set to 'All Campuses'. At the bottom, there is a link for 'Advanced Search Options' and two buttons: 'CLEAR' and 'SEARCH'.

6. Choose the section and class # and write them.
7. Show to dual credit counselor to have them complete in the appropriate box on the blue form
8. If you want to ensure you get enrolled in this course it would be wise to take your blue form to Lone Star directly. If you turn it in to 127 Lone Star will come to campus and register students but the class may be full by the time they come to register.

**You are not able to register for mini-mester classes. Make sure your classes are full semester classes!
